

Summer 2023 Collection

*Nayias Sandals are designed and embellished in Athens Greece
by a Greek sandal designer, Christina.*

The name was inspired by her daughter's name.

The company was established in 2014.

*Every year we strive to get better and try to use innovative ideas in order
to keep up your fashion needs and tastes.*

*Our sandals are handmade and every item is sewn and glued in
perfection.*

The theme for this year's collection is the evil eye and as the designer quotes:

«May every Evil Eye in your life go blind...»
